I have been here the entire time ..But your not letting him come ...I am asking you to do over your shoulder each day ..Is not a good way to live ..I am here to make the best life for Michael ....It's your choice to deny it ...I hope you do the right thing Silvia .

to me

Hi

Thanks for the e-mail, But I really don't understand what you wrote.

I'm understanding that you have feelings for me? After all this time and all the things that had happend?

We dream about you has well, But our dreams are most like night mares.

I want you to know that Michael has complete freedom to talk to you at anytime. The reason he has chose to Not answer your emails is cause he is afraid of you taking him away from r He was traumatised when you send the Interpol, He saw how they use brute force against me big guys with guns inside of his school. At least 40 police elements inside his school and 4 with us with guns just imagine you are a little kid sourended by this.

Then they took him to DIF a place where they put kids that been abuse by parents and he has to spend the night there thinking he wasn't gonna see me agine. He took a cold shower in the kids stories. One had his hands burnt cause the mother did that to him another one was there cause the dad kill the mom another one cause his mom put him there and run away ai months, 1 year etc etc

Michael is been in therapy since then. This cost him ancintity problems and asma witch he is better now.

I show him every single mail and cards you and your parents send him, I ask him multiple times if he wants to answer or call you. But he is so afraid that what happened before, can hay You think I have something aganst you. But I don't.

But after all the only thing I want is to see Michael happy and of course I want him to feel complete. This is not about me or you Jonathan. It's never been. Everything is about Michael.

I'm gonna talk to him again to see if he wants to get in touch.

Have a nice day

...I wish we could talk about this is person - it would be so much easier ...

We both know - We had a agreement- You would allow Michael to come back &amp; you would return him so we could work out our situation- how ever it was going to be.

This never happened...So it's time to make things right -

The last time I saw - I offered you a ring - I tried everything to make you happy ...& Work things out for Michael & you.... I have to do what any father that loves his son would do and th you and Michael I tried everything to work things out with you before that so that wouldn't happen..... But just please understand that happened . Due to the lack of communication on y magnitude the way an adult does... When you tell me that Michael does not want to respond to my messages now because of Interpol well why didn't I get a response for the years befc

Do I miss you? A part of me does- yes I do ...There is no closure ..Do I care &amp; have feelings for you ? I have alot of feelings that are unanswered for you ....I wish we would have made

I am able to forget the past - if you want to move forward &amp; make things right ...No attorneys - no bullshit - just you and I making things right for Michael....I am here for you &amp; Michael.

to Nenis

Silvia - a simple response is all I am asking for ...

Nenis Najera <nenisnajera@gmail.com>

to me

I want to make this work for Michael.

But please understand that we (Michael and I) are skeptical

Michael Googled his name one day and saw all the nasty things that you put up on the website. You have no idea how he felt and how this affected him, his perception about his father. So I'm gonna ask you to delete all that. So far he doesn't even want me to answer your e-mails. So before you are in touch with him I want to have everything worked out between us. wonderful kid.

The fact that you are sending me e-mail after e-mail and calling and calling just tells me that you haven't changed. I don't want to feel harassed so I won't unblock you from whatsapp. I need more than words, I need facts.

First of all I need you to stop twisting the truth. You know we never lived in the USA and stop blaming me for NOT talking to your son. This is the second time in 6 years that you ask to again.

You need to change the way you communicate with me and the way you ask for things. Cause the only e-mails and messages I recived from you in the past were all threats.

So drop any charges you have against me, delete all the bs you have on internet Cause other wise is gonna be very difficult to believe that you change and we are off to a good start,

I am glad Michael googled his name - ..He deserves to one day know that his father - his grandparents have always been here trying to contact him ....As for u telling me my lawyer said writing So u know.

The fact that me calling you & reaching out trying to make things better - harassing is a insult and a lie ... When is the last time in 6 years that you ever reached out to me and said hey email that ever says that besides the fact when Interpol had Michael ...you don't..

I reached out to you because in my heart I had to ...I know you never would try to fix things ...

The dreams I have are real ..I deal with more than u know as a father that can't see his son due to your anger towards me ...And what u feel ..That's not true ..

Ur telling me my son that left me telling my son that said ...I love you so much ..Now hates me ...??? That's about what he was taught over that time ..He's 10.....10 ..When he is 15- 1 Colorado.. Remember...u said send me money ...Or u can't see him

I have ur voice recording of you telling me I can't see him again ..Because of the papers I sent you ....

When is the last time in the last 6 years you sent me a letter and said I want him to be able to spend time with you there with you and your family???...If you can show me that ....We k

I care about u Silvia ...I do...I love Michael ...If u think for one min I will give up ..Your wrong ...I am his father ..U can't take that from me...Yet your trying .. Because u feel this anger .. me and actually call me to try to talk...

You switched Michael schools you switched addresses without ever letting me know....

You block me from your phone calls and you don't allow me to get in touch with you I'm sure someday when Michael's old enough to understand and really see the true case that has been sake that he doesn't hate either one of us....

You mentioned this is the second time in six years that I asked to call him or talk to him I will be glad to show you the stacks of emails and requests that I've sent you over the last 6 Yrs so you can explain that to Michael when he's old enough to understand....

I need u to let go of the anger ...Ur making a big mistake ...I love the both of u .. u need to drop the anger... Today you proved my point I called you I'm trying to work things out.... I do see the big picture...Love u ..

Nenis Najera <nenisnajera@gmail.com>

to me

is NOT my responsibility to send you e-mails and try to contact you. You disappeared from his life, Not me! And you keep twisting the reality. I'm not gonna be in the game of sending em thinking that I'm angry. I'm a mother that is concern about his son emotional Health and until you show real change. Things are gonna still the same. I want Michael to have his father t

Don't piss me off Jonathan I'm trying to be nice with you.

You only think about you. You have the urge to talk to Michael but are you ready to really make things work for him?

Is a big responsibility to be in a kiss life. You can't keep hurting him.

I don't answer you cause everytime I spoke with you you insult me. And I'm fed up.

So unite! I know you are not gonna the nasty guy you are always I won't answer you.

Prove you are real. Prove and show the love with love.

This is one of the first time in six years that you have enacted in a conversation with me and I've sent hundreds of emails to you to the same email with no I was sincerely hoping that you have grown up and realized what's most important and been able to realize that Michael is first and you can't keep doing what you're doing...

First of all we need to put things straight here.

You need to stop wining and pretending you are a victim.

I didn't want to talk about the past but it seems that you have a problem remembering why things are the way they are right now.

If you need to refresh your memory I'm gonna have to talk about the past.

You and your parent's stopped calling and coming to Cancun when I told you and your parents that the phonecalls were gonna be on speaker and with me present Cause you and your If you remember you and your parents were able to call anytime and to come and visit, I even let Michael go and sleep at the hotel with your parents. And you stayed at my place once with me. I will never forget Michael hiding in the bathroom scared.

But you never wanted to help me with the school tuition or any other bills and you dissapeared for months and you would just call back every November right before your birthday and th. You did that for 3 years in a row.

Not thinking how much this affect the mental estabily of your son.

So don't blame me for all those years not having contact with Michael before you sent the Interpol.

You said I never call you or send you an email. I have the last email I sent YOU asking you to help me with the expenses and you refused to. Since that day I stopped trying. And of co RESPONSABILITY TO ASK TO SPEAK TO MICHAEL!

You never tried to call your son. You where sending me offensive nasty messages everyday at 5am nasty e-mails and always, always insulting and threatening me. (I Also have all this ri get me fired when it was the only source of income that your son had. Calling the school and thrething everyone on the phone.

Risking your son's own security creating a website full of bullshit offering a reward to dangerous people endengaring your son's life. Did you expect me Not to change jobs, school and hc So Now DO NOT tell me to do the righth thing for Michael because that is the right thing! You better Do what is right for him and delete all that. And get things straight be responsible fo in your little fantasy world.

Just do the righth thing for Michael.

Your anger is way out of control - you want to have things laid out for then I will be glad to do that for you -

It's been 6 weeks of you - back and forth emailing - not answering my calls - asking me if I want to speak to you or Michael? I reply both and you don't write anything for a week - only re

I will be glad to write a book for you - but let's face it - if you would responded to the papers you were served with in 2012...For the divorce and custody Everything would have been fine

But you choose to tell me - I will never speak to my son if I don't remove that clause about you keeping him in Mexico- remember that on the phone ???

You told me - you will not allow Michael to come visit me - remember or bring him back to the states - remember that?

The day I called you and the man robbed you and kicked Michael...Who sent you 10,000 pesos 1,000usd ..

I can go on and on - ..

We might have had some problemas in our marriage - .. Thats true .. But I loved you with all my ❤️ ..

The fact you say when I was there I was abusive to you and forcing you to sleep with u is a Complete LIE ... I believe the time I went down there I was staying in the guest room becau had a hotel . Yes and I guess your meaning of abusive is going there and giving you a ring which your response was I can't believe you got me that you should have just given me mone: was under the impression you were going to come back..... As the time passed it became harder and harder to get a hold of you and the last time I was there to visit Michael you made states.. instead of being there and trying to work things out...

I believe it was my birthday and we had planned to have Michael meet me at the restaurant for dinner and you messaged me and told me that he's sick and can't come and left me then I had to go to his school and practically beg the school director to see my own son for five minutes and he looked pretty healthy that day and was very happy to see me....

I believe the relationship that we had with the school was very good since my family and I were paying the bills on our credit card for his monthly School payments...

I believe Michael turned around and yelled at your mother and told her to leave that it was his time with his father I remember that very clearly...

I remember talking to Michael on his iPad that I bought him and him telling me daddy I'm going to hide my iPad under my bed so mommy doesn't take it and I can call you because Mo

Also I believe I was telling him how nice it would be to have us on the train one day and you grab the phone from him and yelled and said do not put his mind with false Impressions the

Just understand we can go back and forth all you'd like you have your Viewpoint of everything ...

There's nothing on that website that is not true that's a fact...

The fact that you are responding now to my emails shows me that you have received them prior to Interpol picking up Michael and just chose never to respond....

I have forgiven you in my heart for what you have done or what you believe you haven't done... Anyway - I have no anger towards you ...Just love for my son and inside I do love you...Ii
